GitHub: github.com/GMotlhamme

PROFESSIONAL SUMMARY

Hands-on experience building web applications using React.js, ASP.NET Core, Node.js, and PostgreSQL. Proven ability to deliver functional applications with modern authentication, RESTful APIs, and cloud deployment. Ready to contribute technical skills and collaborative mindset to development teams building scalable software solutions.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, SQL, HTML, CSS, C#

Frontend: React.js, Tailwind CSS, Bootstrap, Vite, Responsive Design

Backend: ASP.NET Core MVC/WEB API, Node.js, Express.js, REST APIs, JWT Auth, Middleware

Databases: PostgreSQL, Prisma ORM, Database Design, SQL Server, Entity Framework Core

Cloud & Tools: Git, GitHub, Postman, VS Code, Vercel, Render, Azure

Testing: Jest, Vitest, React Testing Library

WORK EXPERIENCE

Full-Stack Developer Intern | Dynamic Visual Technologies

Nov 2024 - Oct 2025

Johannesburg, South Africa

- Built and deployed full-stack employee portfolio application using React.js, Node.js, PostgreSQL, and Redis with automated CI/CD deployment to Vercel and Render
- Developed several RESTful API endpoints with JWT authentication and role-based access control, reducing unauthorized access
- Optimized database performance using Prisma ORM, reducing average API response time through optimizing queries
- Contributed 200+ commits and collaborated with 9-person agile development team using Jira for sprint planning and Git for version control, maintaining high code quality through peer reviews

Software Engineer Intern (Volunteering) | Hiteknology Solutions

Aug 2024 - Oct 2024

Pretoria, South Africa

- Collaborated on 2 client projects in agile environment with 5-member development team using Node.js, HTML/CSS, and PHP
- Identified and resolved 20+ bugs through systematic debugging and code review processes
- Improved code quality by implementing testing practices under senior developer mentorship

Microsoft Security Trainee | Netcampus Group

Apr 2024 - Oct 2024

Pretoria, South Africa

- Gained hands-on experience with Azure security and identity management
- Applied cloud security best practices in simulated environments
- Earned SC-300 and AZ-900 certifications

PROJECTS

BookManagementSystem | *ASP.NET Core MVC, Entity Framework Core, SQL Server, xUnit*

- Built a library management web application with full CRUD functionality for book records using ASP.NET Core MVC and Entity Framework Core with code-first migrations
- Designed and managed a SQL Server database with EF Core migrations for reliable schema versioning
- Implemented unit tests using xUnit to verify core business logic, including book availability checks

GitHub Repository: <https://github.com/GMotlhamme/BookManagementSystem>

Finance Lab | *React.js, Node.js, Express.js, PostgreSQL, JWT Auth, Chart.js*

- Financial tracker to highlight spending habits, raising awareness and clarity to gain more control over one's finances
- Architected RESTful API with 12 endpoints handling account management, and budget tracking
- Implemented JWT authentication with refresh token rotation and bcrypt password hashing
- Designed normalized PostgreSQL database
- Built interactive dashboard with real-time transaction updates using React hooks and Chart.js visualizations

GitHub Repository: github.com/GMotlhamme/Finance-Lab

SoundScape | *React.js, TypeScript, Node.js, Express.js, PostgreSQL, JWT Auth*

- Created full-stack e-commerce platform with dual interfaces: guest/customer experience and an admin section to manage products.
- Handled Image Upload using Cloudinary and Multer
- Implemented JWT authentication with refresh token rotation and bcrypt password hashing
- Designed RESTful API with CRUD operations for user purchases

GitHub Repository: github.com/GMotlhamme/SoundScape

EDUCATION

Advanced Diploma in Application Development NQF 7

IIE Rosebank International

Jan 2026 - In Progress

Diploma in Information Technology in Software Development

IIE Rosebank International | Final Average 71%

Jan 2021 - Dec 2023

National Senior Certificate

Pretoria Technical High School

Dec 2020

CERTIFICATIONS AND ACHIEVEMENTS

- Microsoft Certified: Identity & Access Administrator (SC-300)
- Microsoft Certified: Security, Compliance & Identity Fundamentals (AZ-900)
- LinkedIn Learning: GitHub Copilot Career Essentials
- LinkedIn Learning: React Testing & Debugging
